E. Cropdusting aircraft may not takeoff or land downwind. In calm wind conditions Runway 34 will be used.

F. A cropdusting aircraft may enter the traffic pattern for landing at other than the standard entry points or altitude as specified in the Yolo County Code, provided it does not create a hazard to any other person or property on the ground or in the air. Further, cropdusting aircraft will not interfere with other aircraft in the standard traffic pattern, nor cause such other aircraft to deviate from the air traffic pattern in order to avoid a hazardous confrontation with said cropdusters.

G. Cropdusting aircraft will stay well clear of all housing or residential developments and will make every effort to avoid flying directly over a residence.

The traffic pattern rules stated in this section are expressly intended by this Board to be a minimum safety standard imposed on cropdusters using this traffic pattern. All cropdusters operating from the Yolo County Airport shall exercise due caution and shall observe all FAA rules. Specifically, said cropdusters shall take reasonable precautions to protect the safety of other users of the airport who may not be familiar with the cropdusters' operating procedures. In the event that a foreseeable likelihood of a hazardous encounter between a cropduster and any other aircraft exists, said cropdusters shall take every reasonable step to avoid said encounter.

VI.

Vehicular Operations

A. All cropdusting vehicles and equipment will enter and leave through the West Plainfield Fire Department airport access road on County Road 95.

B. No cropdusting vehicle or equipment shall drive upon any paved runway surface.

VII.

Chemicals

A. All chemicals will be stored in accordance with the applicable rules and regulations and only in areas designated for the purpose and approved by the Airport Director or another County agency with jurisdiction to approve the same. All cropdusting operations shall be responsible for ascertaining the requirements of storage of all chemicals stored by said operation and shall abide by said requirements.

B. All cropdusters shall take precautions to avoid any spillage of chemicals used in their operations and shall be responsible for the maintenance and storage of chemicals and shall keep loading areas clear and free of waste chemicals. Waste areas shall be cleaned regularly by all cropdusters after each use of an area for loading and unloading chemicals.

In the event that any toxic chemicals are spilled upon the Airport premises, the cropduster responsible for said spillage shall immediately take precautions to avoid the spread of the spilled substances and shall immediately notify the Airport Director. The Airport Director is authorized to impose reasonable requirements upon the responsible cropduster for the cleaning of the spilled substance.

In the event that the cropduster responsible for the spill refuses or neglects to comply with the requirements imposed by the Airport Director to clean the spill, the County of Yolo shall clean the spill and shall submit an invoice to the responsible cropduster for the cost of said cleaning. Said cropduster shall pay the invoice or may demand a hearing before the Airport Director to determine the responsibility for the spill and/or the amount of the invoice. Said determination of the Airport Director may be appealed to the Board of Supervisors by filing a Notice of Appeal within ten (10) days and paying an appropriate appeal fee.

The Board of Supervisor may affirm, modify, or reject the determination of the Airport Director, with or without additional evidentiary hearing. Said decision of the Board of Supervisors shall be final.

In the event that said cropduster is judged responsible by the Board of Supervisors and does not pay the cost of clean-up within thirty (30) days after the Board's order, the license to use the airport facilities shall be null and void. In the event, the Airport Director shall take appropriate action to collect the amount of said invoice including all available remedies.

VIII.

Water

A. All cropdusters who are registered with the County may obtain and use water only from outlets designated for cropduster use when available on a first-come, first-serve basis. No pump shall be connected to said outlets.

B. If all water outlets are in use and a truck is waiting for water, the trucks using the outlets will fill up, disconnect from the water source, and allow waiting trucks to fill their tanks and the outlets will be used on a rotating basis.

C. Water obtained by any cropduster from the outlets provided on the site shall be used only for loading wet loads on the airport site. Said water shall not be transported off the airport site by truck or other ground conveyance without the express written consent of the Airport Director first had and obtained.

D. In the event that a representative of the West Plainfield Fire Department directs the discontinuance of use of said water outlets because of a need for water and/or water pressure by said Fire Department, all cropdusters immediately shall comply with said order and disconnect from water outlets.

IX.

Fees

A. All cropdusters will pay to Yolo County, on a monthly basis, Seventy-five (75¢) Cents for each dry load and One and 50/100 ($1.50) Dollar for each wet load flown for hire off the Yolo County Airport.

B. Each cropduster licensed to use the facilities pursuant to this Resolution shall submit to the Airport Director a monthly accounting designating the number and types of loads flown for hire off the airport facilities. Said accounting shall be submitted no later than the fifth of each month for the previous calendar month and shall be accompanied by a check or money order for the fees to be paid for the month of said accounting. The failure to submit said accounting and/or fees shall constitute a violation of these rules and grounds for revocation of the license issued pursuant to these rules, after hearing by the Board of Supervisors.

X.

Insurance

A. All cropdusters licensed to use Yolo County Airport shall keep in full force and effect, for the term of such license, at licensee's expense, a policy of comprehensive public liability insurance naming the County of Yolo as a co-insured in at least the following amounts:

(1) Combined single limit of $1,000,000 per occurrence for bodily injury and property damage.

B. All licenses agree to indemnify and save harmless the County of Yolo, its officers, agents and employees from any and all liability against the County arising from licensees' use of the Airport.

XI.

The cropduster operator will present proof of insurance to the Airport Director at the time of licensing and will keep a continuing proof of insurance on file with the Clerk of the Board of Supervisors. If said proof of insurance is not so filed and/or current, the license issued under these rules will be null and void.

//

XII.

The Board of Supervisors may, at any time, suspend or revoke any license issued under these rules if evidence is presented to indicate the provisions of these rules have been violated.

Amount of Reimbursement for Personal Property Claims

The amount of reimbursement for personal prostheses, such as eyeglasses or hearing aids will be the replacement cost of such items damaged beyond repair and the repair cost of items that are repairable. The amount of reimbursement shall not include the cost of fittings or examinations.

Jewelry items do not come within the definition of property as set forth in Section 53240 of the Government Code. Therefore, reimbursement will not be made for damaged of lost jewelry items.

The amount of reimbursement for damaged articles of clothing will be determined by formula based on the replacement cost, the age, the life expectancy, and the condition of the damaged article. This formula is derived by use of the following tables.

Tabel I - Life Expectancy Rates

Men's Wear		Women's Wear	
Item	Rate (yrs.)	Item	Rate (yrs.)
1) Coats & Jackets	4	1) Blouses	3
Leather & Suede	5	2) Coats & Jackets	4
2) Hats	2	Leather & Suede	5
3) Neckties	2	3) Dresses	5
4) Rainwear		4) Rainwear	
Plastic	2	Plastic	2

5) Shoes	3	5) Shoes	2
6) Shirts	3	6) Shirts	5
7) Slacks	4	7) Slacks	3
8) Socks	1	8) Suits	5
9) Sport Coats	5	9) Sweaters	4
10) Suits	4	10) Underwear	
11) Sweaters	4	Slips	2
12) Underwear	2	Foundation Garments	1
13) Work Clothes	3	Panties	1
		11) Uniforms	3

Table II - Calculation of Claims Reimbursement Values

Life Expectancy Rating of Article

1	2	3	4	5			
Age of Article in Months					% of Replacement Cost		
0 to 4	0 to 4	0 to 4	0 to 4	0 to 4	Excellent 100%	Average 100%	Poor 100%
4 to 7	4 to 7	4 to 10	4 to 13	4 to 16	75%	75%	60%
7 to 9	7 to 13	10 to 19	13 to 25	16 to 31	70%	60%	45%
9 to 11	13 to 19	10 to 28	25 to 37	31 to 46	50%	40%	30%
11 to 13	19 to 25	28 to 37	37 to 49	46 to 61	30%	20%	15%
13 mos. & older	25 mos. & older	37 mos. & older	49 mos. & older	61 mos. & older	20%	15%	10%

STEP BY STEP USE OF TABLES

1) Determine the cost of replacing the article.

   Replacement cost is the cost of acquiring a new article of comparable quality.

   The original cost is not taken into account except as may be necessary as a guide for establishing quality.

2) Determine the actual age of the article in months.

3) Determine the condition of the article as excellent, average, or poor.

   Excellent condition - having the appearance of an exceptionally well cared for article which belies its age.

   Average condition - having an appearance expected of an article which has had reasonable use considering its age.

   Poor condition - having the appearance of extensive use but not of abuse. Evidence of repairs, the presence of well worn areas and permanent discoloration provided they do not destroy the usefulness of the article are considered to be signs of poor condition.

4) Select from Table I the life expectancy rating of the article.

5) Refer to the column in Table II at the top of which is shown the life expectancy rating selected in Step 4. Read down in this column to the box showing the actual age and across to the reimbursement value.

6) In Table II, select the box under reimbursement values which applies according to condition of the article.

7) Multiply the percent figure given in Table II by the replacement cost figure determined in Step 1. This will be the reimbursement value.

Example #1 - Man's slacks. Replacement cost - $18.00
Life expectancy - 4 years. Actual age - 24 months. Condition - Average.
Reimbursement Value - 60% or $10.80

Example #2 - Lady's dress. Replacement cost 0 $20.00
Life Expectancy - 5 years. Actual age - 14 months. Condition - Excellent.
Reimbursement Value - 75% of $15.00

RESOLUTION NO. 81-160

The Board of Supervisors of the County of Yolo resolves:

This Board has taken a series of actions preliminary to ordering the improvement in Northport Industrial Park Phase I Assessment District, County of Yolo, State of California, and now makes the following findings and orders:

2. The Board of Supervisors adopted its Resolution of Intention to order the improvement described therein under the Municipal Improvement Act of 1913, and directed the Engineer of Work for the assessment district to prepare the report required by Section 10204 of the Streets and Highways Code.

The improvement is generally described as follows:

> The acquisition of street improvements, including clearing, grading, subbase, base, pavement, curb and gutter, driveways and sidewalks; the acquisition of storm drainage facilities and appurtenances; sanitary sewers, sewer lift station and appurtenances; system of domestic water supply, including fire hydrants; system of conduits, manholes, splice boxes, and pull boxes for the installation of an underground electrical distribution system, and all other improvements and appurtenances necessary for a complete scheme of public improvements in Tract 2970, Yolo County, California.

ORIGINAL

3. The Engineer of Work filed the report as directed, and the Board of Supervisors called a hearing on the report as required by Section 10301 of the Streets and Highways Code. PROJECT JUSTIFICATION: YOLO COMMUNITY PARK

Yolo, a small urban community located six (6) miles north of Woodland, California, is interested in providing a park and recreation opportunity for the local residents. The location currently being considered is a school site, located near the center of the town. The school land incorporates a nearly vacant three (3) acre parcel of flat land. The site is predominately grass covered, with remnants of dilapidated play equipment such as a basketball court, swing set, and volleyball court scattered over the area. Currently existing on the site are a school building, 3 storage buildings, and a variety of mature trees. (See Attached site analysis map for details and location).

The citizens of Yolo have no other park setting where they can picnic, play, and generally enjoy a park-like atmosphere. The proposed park will help satisfy this demand for a quality recreational opportunity. The proposed park will offer an array of recreation activities, ranging from active sports (i.e., baseball, basketball, etc.) to passive activities such as picnicing and conversing.

The citizens of Yolo will be closely involved in the construction of the proposed park improvements. There is strong support and cooperation which exists throughout the community regarding the introduction of a park into the area.

A profile of the forty (40) acre Yolo community, comprised from the 1975 Special Census, shows that the town's population

was approximately 400 people. There is a high percentage of young people under the age of 18, over 40% of the total population. The community as a whole has a fairly low level of education; approximately 70% of the community has not completed high school. Total gross income in 1975 was also fairly low with 75% of households making less than $10,000 per year. The ethnic breakdown of Yolo shows it to be predominately Mexican/American (55%) and white (37%).

In summary, Yolo is a fairly deprived urban community in a rural setting which demonstrates the need for some sort of park and recreation opportunity to be developed within the locality. State funding, plus Yolo contributions and support will allow the school site to be improved into a viable recreation resource. The demand for some sort of park definitely exists, considering the high number of youths in the community. A park would also offer an option for inexpensive and safe entertainment for the poor members of the community who may not have the means to travel to other regional or city parks.

WHEREAS, the Yolo County Board of Supervisors authorized the Community Development Agency to commence work on updating the General Plan for the Dunnigan Area in July of 1980; and,

WHEREAS, there was established a Dunnigan Area General Plan Steering Committee which convened for 14 meetings to work on the Plan; and,

WHEREAS, the Committee held a Town Meeting on August 5, 1981, and presented the Plan to the citizens of the area and received comments on the Plan; and,

WHEREAS, the Yolo County Planning Commission held a public hearing on October 7, 1981, as required by Government Code Sections 65351 and 65352; and,

WHEREAS, the Yolo County Planning Commission added the following Development Policy to the Plan which reads as follows:

Excerpts from October 7, 1981 Planning Commission Minutes:

"Development Policy: In order to assure orderly development of the Dunnigan Area General Plan, no development shall be approved inconsistent with the Goals, Objectives, or Implementation measures of the Plan. Measures to implement this policy may include, depending upon the size of a proposed project, dedication of land, payment of mitigation fees, or construction of public facilities. WHEREAS, the Planning Commission recommended the Board of Supervisors adopt the Dunnigan Area General Plan; and,

WHEREAS, the 1981 Dunnigan Area General Plan will supercede the 1958 General Plan and modify those elements outdated for the Dunnigan Area.

RESOLUTION NO. 82-5

ADOPTION OF AB120 ACTION PLAN
FOR YOLO COUNTY FOR CONSOLIDATION
OF SOCIAL SERVICE TRANSPORTATION

WHEREAS, the Sacramento Area Council of Governments (SACOG) has prepared a draft of an Action Plan to consolidate social service transportation in Yolo County in compliance with AB120; and,

WHEREAS, the Draft AB120 Action Plan makes the following findings:

1. The newly created position of Transit Coordinator for Yolo County would be an appropriate vehicle to establish and carry out AB120 social service transportation coordination activities.

2. With the consent of the Joint Powers Agency (Yolo County, the City of Davis and the City of Woodland) which finances the position of the Transit Coordinator, AB120 coordination activities could be made a function of this position.

3. The general scope of the work activities specified for the new Transit Coordinator position could easily accommodate or be expanded to include AB120 coordination activities.

4. None of the other transportation providers reviewed in the Action Plan is able to assume the responsibility of CTSA at the present time; and,

WHEREAS, the staff of SACOG recommends that SACOG designate the Joint Powers Agency (CTSA) as the Consolidated Transportation Service Agency for Yolo County for a period of one and one-half years; and,

WHEREAS, Yolo County as the Lead Agency for the JPA could then direct the Transit Coordinator to carry out coordination activities specified in the AB120 Action Plan; and,

WHEREAS, the draft Plan has been circulated to interested parties.

NOW, THEREFORE, BE IT RESOLVED, that the Yolo County Board of Supervisors adopt the AB120 Action Plan for Yolo County.

(2) tends to prevent premature or unnecessary conversion from agriculture; and

(3) tends to assist in the preservation of prime lands; and

(4) to preserve lands with public value as open space.

5. Said Agricultural Preserves are hereby declared established or enlarged to include the territory described in said Exhibit "A", for the purpose of defining the boundaries of those areas within which the County of Yolo is willing to enter into land use contracts pursuant to the Land Conservation Act of 1965.

6. A map of such agricultural preserves is attached hereto

marked Exhibit "B" and which is incorporated by this reference herein.

7. The terms and conditions upon which the County of Yolo is willing to enter into land use contracts are as follows:

FIRST: DECLARATION. This Land Use Contract is made and entered into pursuant to California Land Conservation Act of 1965 as amended (Chapter 7 of Part 1 of Division 1 of Title 5 of the Government Code of California commencing with Section 51200), hereinafter referred to as "the Act", including Article 3 of said Act entitled "Contracts" and is subject to all of the provisions thereof pertaining to contracts. It is the intent of the parties that the restrictions imposed upon the subject property by this Contract shall constitute those which may be imposed upon property by Contract under the aforementioned Act. The execution and recordation of this Contract shall in no way restrict COUNTY or OWNER from utilizing or benefiting from future conservation or agricultural legislation enacted by the California Legislature. Should COUNTY agree to any provision in any other Contract under the Land Conservation Act which provision is not included herein and OWNER requests the inclusion of such provision in this Contract, such provision shall be deemed added to this Contract upon written request of OWNER to COUNTY and any other provision hereof inconsistent with said provision shall be deemed to be of no force and effect to the extent of such inconsistency.

SECOND: RESTRICTIONS. During the term of this Contract and any and all renewals thereof, the subject property shall not be

used for any purpose other than agricultural use and the uses determined by COUNTY pursuant to Government Code Sections 51231 or 51238 or by the Land Conservation Act of 1965 as amended to be compatible with the agricultural use of land within this preserve and subject to contract. No structures shall be erected upon subject property except such structures as may be directly related to authorized uses of the land. The parties, through appropriate action by COUNTY'S Board of Supervisors in accordance with the Act and its rules adopted thereunder, and written consent of OWNER, may from time to time during the term of this Contract and renewals thereof add to and/or delete from said permissible uses of the subject property. If any use otherwise permissible hereunder is not permissible under any planning or zoning restrictions now or hereafter applicable to any of the property then it shall likewise be deemed not legally available to OWNER by the provisions of this Contract and if any use is permissible under any such planning or zoning provision but is not determined as set forth above to be compatible with the agricultural use of land within this preserve and subject to contract, then it shall not be deemed legally available to OWNER hereunder.

. THIRD: EMINENT DOMAIN. When any action in eminent domain for the condemnation of the fee title of an entire parcel of land subject to a contract is filed or when such land is acquired in lieu of eminent domain for a public improvement by a public agency or a person or whenever there is any such action or

acquisition by the Federal government or any person, instrumentality, or agency acting under authority or power of the Federal Government, such contract shall be deemed null and void as to the land actually being condemned or so acquired as of the date the action is filed, and for the purposes of establishing value of such land the contract shall be deemed never to have existed.

Whenever such an action to condemn or acquire less than all of a parcel of land subject to a contract is commenced, the contract shall be deemed null and void as to the land actually condemned or acquired and shall be disregarded in the valuation process only as to the land actually being taken, unless the remaining land subject to contract will be adversely affected by the condemnation, in which case the value of that damage shall be computed without regard to the contract.

The contract shall be null and void for all land actually taken or acquired; provided, however, that should any such action be dismissed, or should any interst be conveyed for non-public use, the contract shall be reinstated as of the date the action is dismissed or the conveyance is recorded.

FOURTH: TERM AND RENEWAL. The initial term of the Contract shall be for ten (10) years, commencing as of the first day of March next succeeding the date of approval of the Contract by the Board of Supervisors of the County of Yolo, and shall terminate on the last day of February of the tenth (10th) year thereafter. The first day of March shall be deemed to be the "anniversary date" of the Contract, and on the anniversary date of the

COUNTY COUNSEL

Contract a year shall be automatically added to the term unless notice of non-renewal is given as herein provided. If either OWNER or COUNTY desires in any year not to renew the Contract, that party shall serve written notice of non-renewal of the Contract upon the other party in advance of the anniversary date. Unless such written notice is served by OWNER at least ninety (90) days prior to the anniversary date or by COUNTY at least sixty (60) days prior to renewal date, the Contract shall be considered renewed as provided above. At any time prior to the anniversary date either party may in writing withdraw its notice of non-renewal. Upon request by the OWNER, this Board of Supervisors may authorize OWNER to serve notice of non-renewal on a portion of the land under contract.

FIFTH: NO PUBLIC FUNDS. The OWNER understands that he is not entitled to any public funds by reason of the execution of the Contract or any renewal thereof although the use of the subject property is limited as aforesaid.

SIXTH: TERMINATION. Subject to the procedural conditions contained herein, OWNER may elect to terminate the Contract without penalty when one of the following circumstances is found to exist:

(a) The laws of California cease to implement Article XXVIII of the State Constitution in a manner providing benefits and restrictions substantially similar to those embodied in Article 1.5 (commencing with Section 421) of Chapter 3 of Part 2 of Division 1 of

the Revenue and Taxation Code. To be substantially similar, it is hereby agreed that said implementing measures must include provisions for a land valuation system basing value of the land on those uses legally available to OWNER as the basis for assessment, and must not require that OWNER permit entry of the public on subject property.

(b) Future conservation or agricultural legislation achieving a substantially similar public benefit is enacted by the California Legislature and is applied to subject property.

(c) The real property tax is abolished as a source of revenue.

The following procedures shall be followed to elect the termination of the Contract:

(a) Written notice of the election to terminate the Contract shall be given the Board of Supervisors of Yolo County by OWNER.

(b) The Board of Supervisors shall have thirty (30) calendar days to review the proposal and the information submitted in support thereof.

(c) If the Board does not act within said thirty (30) days to set a hearing within an additional thirty (30) days, it shall effect the termination by recording a notice of termination with the County Recorder and filing a copy thereof with the State Department

of Agriculture. If the Board so sets a hearing, it shall give notice to OWNER and shall consider the election to terminate in the same manner as it would a request for cancellation as provided in Section SEVENTH of the Contract.

SEVENTH: CANCELLATION. The Contract may not be cancelled in whole or in part except pursuant to a request by OWNER as provided herein.

(a) The Board of Supervisors of COUNTY may approve the cancellation of the Contract only if it finds that cancellation is not inconsistent with the purposes of the California Land Conservation Act and is in the public interest. The existence of an opportunity for another use of the land involved shall not be sufficient reason for the cancellation of the Contract. A potential alternative use of the land may be considered only if there is no proximate land not subject to a Land Use Contract pursuant to the Williamson Act suitable for the use to which it is proposed the subject property be put. The uneconomic character of an existing agricultural use shall likewise not be sufficient reason for cancellation of the Contract. The uneconomic character of an existing use may be considered only if there is no other reasonable or comparable agricultural use to which the land may be put.

(b) Prior to any action by the Board of Supervisors giving tentative approval to the cancellation of any contract, the County Assessor shall determine the full cash value of the land as though it were free of contractual restriction. The Assessor shall multiply such value by the most recent County ratio announced pursuant to Section 401 of the Revenue and Taxation Code and shall certify the product to the Board of Supervisors as the cancellation valuation for the purpose of determining the cancellation fee.

(c) Prior to giving tentative approval to the cancellation of the Contract, the Board of Supervisors shall determine and certify to the County Auditor the amount of the cancellation fee which OWNER must pay to the County Treasuer as deferred taxes upon cancellation. That fee shall be an amount equal to 50% of the cancellation valuation of the property; provided, however, if after the date the contract was initially entered into, the publicly announced County ratio of assessed value to full cash value is changed, the percentage payment in this subdivision shall be changed so no greater percentage of full cash value will be paid than would have been paid had there been no change in ratio.

(d) If the Board of Supervisors finds that it is in the public interest to do so, it may waive any such

payment or any portion thereof, or may make such payment or a portion thereof contingent upon the future use of the land and its economic return to owner for a period of time not to exceed the unexpired term of the Contract had it not been cancelled, provided:

1) The cancellation is caused by an involuntary transfer or change in the use which may be made of the land, and the land is not immediately suitable, nor will be immediately used, for a purpose which produces a greater economic return to OWNER; and

2) The Board of Supervisors has determined it is in the best interest of the program to conserve agricultural land use that such payment be either deferred or not required.

(e) When the deferred taxes required by this section are collected, the County Treasurer shall distribute the taxes in accordance with the provisions of Government Code Section 51283(d).

(f) Upon tentative approval of the cancellation petition, the Clerk of the Board of Supervisors shall record in the Office of the County Recorder a certification which shall set forth the name of the owner of such land at the time the contract was cancelled with the amount of the cancellation fee certified by the Board

of Supervisors as being due pursuant to this section, the contingency of any waiver or deferrment of payments, and a legal description of the property. From the date of recording of such certificate the Contract shall be finally cancelled and, to the extent the cancellation fee has not yet been paid, a lien shall be created and attached against the real property described therein and any other real property owned by the person named therein as the owner and located within the County of Yolo. Such lien shall have the force, effect, and priority of a judgment lien. Nothing in this section shall preclude the Board of Supervisors from requiring payment in full of the cancellation fee prior to the cancellation becoming effective.

(g) In no case shall the cancellation of a Contract be final until the notice of cancellation is actually recorded as provided herein. Notwithstanding any provisions of the Revenue and Taxation Code, any payments required by this section shall not create nor impose a lien or charge on the land as to which a contract is cancelled except as herein provided.

(h) Upon the payment of the cancellation fee or any portion thereof, the Clerk of the Board of Supervisors shall record with the County Recorder a written certificate of the release in whole or in part of the

lien.

(i) No tentative approval of cancellation may be given until after the Board of Supervisors has caused notice to be given of and has held a public hearing on the matter. Notice of hearing shall be mailed to each and every owner of property under contract within this agricultural preserve and shall be published pursuant to Section 6061 of the Government Code. The owner of any property located in the County of Yolo may protest such cancellation; however, such protest shall be advisory only and shall not be binding upon the Board of Supervisors.

EIGHTH: DIVISION OF SUBJECT PROPERTY. In the event the subject property of the Contract is divided, a Contract identical to the Contract then covering the original parcel shall be executed by OWNER on each parcel created by the division at the time of the division. Any agency making an order of division or COUNTY which has jurisdiction shall require, as a condition of approval of the division, the execution of the Contracts provided for in this paragraph.

NINTH: EXCLUSION OF LAND FROM PRESERVE. Removal of any land under the Contract from an agricultural preserve either by change of boundaries of the preserve or disestablishment of the preserve shall be the equivalent of a notice of non-renewal by COUNTY.

TENTH: SUCCESSORS IN INTEREST. The Contract shall run with the land described in it and shall be binding upon the heirs,

6. The Developer shall warrant to the District, in writing that the System has been completed in accordance with the plans and specifications; the District will inspect the System and accept it if the District finds that the System has been constructed in accordance with the plans and specifications. Notwithstanding the acceptance of the System and inspection thereof by the District, the Developer shall guarantee the System and perform or cause to be performed repairs, additions, or corrected work caused by the deficiency or omission of the Developer for one year after the System has been completed and accepted by the District. The Developer shall not be held liable for normal wear and tear, vandalism, improper maintenance or other acts beyond its control. This guarantee shall be secured by a maintenance bond in a form acceptable to the District. This guarantee and the issuance of the maintenance bond shall in no way constitute a waiver of the District's rights against the Developer for any deficiency or omission of the Developer which may be discovered after the one year guarantee period.

7. Upon acceptance of the completed System by the District, the County and the Developer shall convey to the District all improvements, easements, rights-of-way and encroachment permits necessary to enable the District to operate and maintain the System, and at all times thereafter, the System shall be owned, used, operated, maintained and managed by the District as part of the District's system, and the District shall offer sewerage service to the lands located within the Assessment District,

all in accordance with the ordinances and Rules and Regulations of the District, at the fees and charges established by the District from time to time.

RESOLUTION ADOPTING THE SACRAMENTO AIR QUALITY PLAN

WHEREAS, the Sacramento Area Council of Governments (SACOG) has been designated by the U.S. Environmental Protection Agency (EPA) and the California State Air Resources Board (ARB) to prepare an Air Quality Plan and Program (AQP) for the Sacramento Area, included as Exhibit "A" to this Resolution; and

WHEREAS, SACOG has prepared an AQP which conforms to the requirements of the Clean Air Act, as amended, for controlling emissions that cause violations of the national ambient air quality standards for oxidants and carbon monoxide in the Sacramento Air Quality Maintenance Planning Area; and

WHEREAS, the Board of Supervisors of the County of Yolo has reviewed the Air Quality Plan and Program; and

WHEREAS, EPA and State policy is that significant air quality management agencies named in the AQP must indicate their commitment to implement the AQP before EPA and ARB can approve and certify the AQP; and

WHEREAS, the County of Yolo is a significant management agency for the purpose of implementing portions of the AQP; and

WHEREAS, the Clean Air Act requires the identification and commitment of necessary manpower and resources to implement the AQP;

NOW, THEREFORE, BE IT RESOLVED that the Board of Supervisors of County of Yolo agrees to proceed with a good faith effort to implement those measures identified in Exhibit "B"; and

BE IT FURTHER RESOLVED that the Board of Supervisors of the County of Yolo commits itself to implement measures as scheduled and using funding sources as identified in Exhibit "B". Recognizing, however, that the availability of necessary funding may depend on the funding programs or processes of various State and Federal agencies, the County of Yolo agrees to consider amendments to AQP, if necessary, to modify the funding or schedules of implementation actions. It is agreed that such modifications will not affect the maintenance of reasonable further progress as defined in the plan; and

BE IT FURTHER RESOLVED that the Board of Supervisors of the County of Yolo will consider modification of adopted measures and/or adoption of additional measures, as appropriate, during the continuing planning process if implementation does not achieve "reasonable further progress" in reducing emissions, as required by the Clean Air Act; and

BE IT FURTHER RESOLVED that the staff of the County of Yolo will cooperate with SACOG staff to develop a procedure for determining the consistency of future development proposals with the AQP. This consistency determination procedure will be based upon the framework described in Chapter VII of the AQP; and

BE IT FURTHER RESOLVED that the County of Yolo commits

itself to continued participation in the continuing Air Quality Planning Program; and

BE IT FINALLY RESOLVED that this Resolution is entered into on the condition that the County of Yolo portion of the AQF will be certified without change by the State.

WHEREAS, the Board of Supervisors may under the provisions of Section 29321 of the Government Code of the State of California establish a revolving fund for the use of any officer of the County, including any person in charge of any office, department, service or institution of the County; and

WHEREAS, by a resolution passed and adopted on January 21, 1947, this Board of Supervisors created a revolving fund known as the Yolo County Indigent Transportation Fund in the amount of $500.00 for the Director of the Yolo County Welfare Department to pay for the transportation of indigents to their respective homes; and

WHEREAS, by Resolution 66-157, this Board of Supervisors authorized use of the revolving fund to enable the Welfare Director to make grants to persons whose immediate need for aid cannot be met because of the time required to process county warrants and increased the amount of the revolving fund to $1,000.00; and

WHEREAS, by Resolution No. 69-18, this Board of Supervisors increased the amount of the revolving fund to $2,500.00; and

RESOLUTION NO. 82-57

(Resolution Authorizing Destruction of Communications Dispatch Cards)

WHEREAS, Government Code Section 26205.1 allows the destruction of non-judicial public records under certain specified conditions; and

WHEREAS, the Sheriff of Yolo County has requested authorization to destroy dispatch time cards which record information on calls received from the public over emergency telephone lines, as well as the activity of Sheriff's officers transmitted over the radio, after a period of thirteen (13) months has passed from the preparation of such cards; and

WHEREAS, the records that are requested to be destroyed fall within the provision of 26205.1(c), in that they are not prepared pursuant to a state statute or county charter and are not expressly required by law to be filed and preserved over one year; and

NOW, THEREFORE, BE IT RESOLVED by the Yolo County Board of Supervisors as follows:

1. The Sheriff of Yolo County is authorized to destroy communications dispatch time cards after the passage of thirteen (13) months from the date of their preparation, on the condition that any cards relating to the subject matter of any pending litigation or claim filed are to be preserved until such litigation is resolved.

WHEREAS, on January 29, 1959, this Board of Supervisors by Resolution No. 59-15 adopted the present and existing Yolo County Master Plan as the general plan of the County; and

WHEREAS, the law permits a general plan to be amended and from time to time this Board has done so; and

6. The Planning Commission recommended the Board of Supervisors adopt the Capay Valley Area General Plan; and

7. This Board has considered this Capay Valley Area General Plan in a duly noticed public hearing held on April 20, 1982, and May 4, 1982.

WHEREAS, the preliminary proceedings concerning the Urban Development Policy of the Woodland Area General Plan were as follows:

1. On December 26, 1979, this Board, by Resolution No. 79-207 adopted the Woodland Area General Plan, including the Urban Development Policy stated therein; and

4. As presently drafted, the Urban Development Policy of the Yolo County Woodland Area General Plan disallows the location of educational facility/campus sites outside the Urban Limit Line; and

5. The Yuba College Task Force has identified this discrepancy as a problem; and

b. The resolution making determinations adopted by the Yolo County Local Agency Formation Commission on May 10, 1982.

c. The Environmental Impact Report adopted by the City of Davis and reviewed and considered by the Local Agency Formation Commission

d. All testimony from interested persons.

e. Any factors which may be considered by the Local Agency Commission as provided by the Knox-Nesbit Act.

f. All other matters which it has deemed material to the reorganization;

or the annexation or detachment of territory to or from an existing improvement district.

NOW, THEREFORE, BE IT HEREBY RESOLVED, FOUND AND ORDERED by the Board of Supervisors of the County of Yolo as follows:

1. That each and every recital set forth hereinabove is hereby found to be true and correct.

2. The nature of the proposed change of organization and the name or names of all districts for which any change of organization is proposed are as follows:

   a. The detachment of territory from the Springlake Fire Protection District.

   b. The detachment of territory from the Yolo County Resource Conservation District.

   c. Annexation of territory to the City of Davis.

3. This Board hereby orders the reorganization consisting of the detachment of territory from the Springlake Fire Protection District and the Yolo County Resource Conservation District, and the annexation of the same territory to the City of Davis.

4. This Board finds that the detachment of territory from the Springlake Fire Protection District and the Yolo County Resource Conservation District, and the annexation of the same territory to the City of Davis is in the public interest.

5. The proposed reorganization would be for the interest of affected counties, cities, districts, landowners, and present or future inhabitants in the territory subject to the reorganization.

6. This Board has reviewed and considered the Environmental Impact Report

OFFICE OF THE
COUNTY COUNSEL
COUNTY OF YOLO
P.O. BOX 127
WOODLAND, CA 95695
TEL. NO.: (916) 666-8211

which was adopted by the City of Davis and reviewed and considered by the Yolo County Local Agency Formation Commission.

7. The Environmental Impact Report adopted by the City of Davis identifies six unmitigated significant effects created by the reorganization. This Board hereby adopts the following statement of overriding considerations relating to each significant effect:

a. Significant effect: City's growth management program.

Overriding considerations: The approval of the reorganization, together with the prezoning and preliminary planned development approved by the City of Davis does not constitute a guarantee to future development. Such approvals merely allow applicants to compete in the housing allocation process of the City of Davis. The allocation process itself provides ample safeguards against untimely development and against development that would be inconsistent with the City's growth management program.

b. Significant effect: Public services.

Overriding considerations: While at the time of adoption of this resolution, the City has not set forth the exact mechanism by which it would provide public safety services for the subject territory, the city's practices and policies including the housing allocation process, are such that development will not occur until after the city has determined that adequate public safety services are available.

c. Significant effect: Recreational facilities.

Overriding considerations: Eliminating the public park and open space areas reflect the City's economic realities following the

OFFICE OF THE
COUNTY COUNSEL
COUNTY OF YOLO
P.O. BOX 127
WOODLAND, CA 95695
TEL. NO.: (916) 666-8211

passage of Proposition 13 and the recommendation of the City's park and recreation staff regarding adequacy of city parks. To the greatest extent possible, the private open space area shall be made available for public use.

d. Significant effect: Public schools.

Overriding considerations: The Davis Joint Unified School District has imposed school impact fees to provide future facilities for its students. These impact fees adequately address the impacts on the Davis Joint Unified School District.

e. Significant effect: Traffic circulation.

Overriding considerations: Although traffic levels and associated impacts will increase, even with the adoption of the recommended mitigation measures, such impacts are within acceptable limits.

f. Significant effect: Conversion of agricultural land.

Overriding considerations: Although the site has been used recently for agricultural purposes, its ultimate development for residential purposes has been reviewed previously by the City of Davis and has been determined acceptable by the City's adoption of the General Plan Environmental Impact Report and the General Plan Land Use and Phasing Maps. Yolo County has also approved the subject property for residential use by the County's adoption of the Davis Area General Plan. The approval of the reorganization does not guarantee immediate development of the subject territory or immediate removal of the territory from agricultural production. The housing allocation process utilized by the City of Davis assures that the development of the subject property will be timely and in accordance

OFFICE OF THE
COUNTY COUNSEL
COUNTY OF YOLO
P.O. BOX 127
WOODLAND, CA 95695
TEL. NO.: (916) 666-8211

with the applicable General Plan.

g. General overriding considerations: The owner of the subject property and the Yolo County Flood Control and Water Conservation District have reached agreement wherein the owner of the subject propery agreed to provide land and to pay for the construction of a drainage/irrigation ditch along the west and north boundaries of the subject territory. The owner also agreed to provide land and pay for the continuation of the ditch on other property he owns to the northeast of the subject territory. The approval of this reorganization, therefore, provides an opportunity for the City to relocate an existing drainage ditch which currently runs along Covell Boulevard. The opportunity to advance the construction of the irrigation/drainage ditch is of considerable importance to the City of Davis.

8. This Board finds that any changes or alterations relating to the impacts concerning traffic circulation and parks and recreation are within the responsibility of the City of Davis and not this Board.

9. All of the significant environmental effects that have been identified have been reduced to an acceptable level in that all such effects that can feasibly be avoided have been eliminated or substantially lessened, and any remaining unavoidable significant effects have been made acceptable by the above statement of overriding considerations.

10. This Board finds that the subject territory ultimately will be used for residential purposes in that such use will remove from production some prime agricultural land. However, the removal of the subject territory from agricultural production is in furtherance of the planned, orderly

COUNTY COUNSEL
COUNTY OF YOLO

and efficient development of the area. The subject territory has been designated for residential development in the Davis General Plan adopted by the City, the Davis Area General Plan adopted by the County of Yolo, and in the Sphere of Influence adopted by the Yolo County Local Agency Formation Commission. Further, the housing allocation process utilized by the City of Davis assures that this land will be utilized for residential purposes in a timely and orderly fashion.

11. The petition for reorganization of territory to the City of Davis is hereby approved subject to the following conditions:

    a. The effective date of the reorganization shall be the date of recordation with the County Recorder of the Executive Officer's Certificate of Completion (Government Code Section 56455).

    b. The boundary of the subject property shall be as set forth in Exhibit A, attached hereto.

    c. The property owners of the subject property shall be liable for their prorata share of the city's bonded indebtedness upon annexation.

12. The Clerk of this Board is hereby directed to file a "Notice of Determination" as provided by law.

13. There were no written protests filed by landowners or voters owning land within the territory subject to the reorganization or residing within the territory subject to the reorganization.

14. Within five days after adopting this resolution, the Clerk of this Board shall transmit a certified copy of it by registered mail to the Executive Officer of the Yolo County Local Agency Formation Commission.

RESOLUTION NO. 82-78

(The Board of Supervisors of Yolo County Opposes AB 2860 Unless Amended)

WHEREAS, the Legislature of the State of California presently considering Assembly Bill 2860 for enactment into State Law; and

WHEREAS, Assembly Bill 2860 would convert the State Department of Aging to a new Department of Aging and Long Term Care; and

WHEREAS, the new State Department would be responsible for health and social service programs which provide long term care to elderly; and

WHEREAS, the intent of this reorganization is to assure that each community provides for a continuum of care and services in the least restrictive environment for those elderly who are experiencing difficulty in maintaining independence of functioning; and

WHEREAS, Under AB 2860, the new Department of Aging and Long Term Care would establish new planning and service jurisdictions which could be regional among counties or multiple within a county, necessitating new joint power arrangements which bypasses county admininstration and planning and thereby creating several major administrative and funding problems; and

WHEREAS, AB 2860 would divide the Title 19 Medi-Cal Program between two State Departments, creating the need for two separate administrative cost containment control systems including utilization review controls, audit and recovery, fraud and abuse surveillance, rate setting and many other functions; and

WHEREAS, dividing the Medi-Cal Program between two departments would create bureaucratic competition between the Department of Health and the Department of Aging administering the same program for different population groups; and

WHEREAS, AB 2860 would divide In-Home Supportive Services and Adult Protective Services Programs between two departments creating the need for two

separate administration and services delivery systems for idential programs serving different population groups; and

WHEREAS, dividing In-Home Supportive and Adult Protective Services between two departments (the Department of Aging and the Department of Social Services) could create competition for the limited resources available between these two departments for their respective client populations; and

WHEREAS, AB 2860 would transfer to the new State Department of Aging and Long Term Care, Title XX functions from the State Department of Social Services and County Welfare Departments for program administration, services, and care provided under the In-Home Supportive Services Program and other services funded under Title XX, including, but not limited to, information and referral for health services, out-of-home care services, home and money management services and adult protective services; and

WHEREAS, the Adult Protective Services currently provided by County Welfare Departments for the aged would have the Title XX funds taken away without accompanying assumption of responsibility for the program by the new State bureaucracy, leaving many aged Adult Protective Services clients without needed services; and

WHEREAS, for Yolo County, the transfer of Title XX funds represents a loss of local control over one million dollars to the new State agency; and

WHEREAS, AB 2860, without any clear evidence, relies on funding the new Long Term Care Program from savings of moving persons currently in expensive levels of care into less expensive levels of care; and utilizing the Title 19 funds to pay for the resulting increases in In-Home Supportive Services; and

WHEREAS, AB 2860 provides for automatic cost-of-living allowance to support this new Long Term Care Service Program in the face of Federal funding being frozen or reduced over the next few years which will result in

the incremental defunding of children's services such as Children's Protective Services which have no such automatic cost-of-living allowance; and

WHEREAS, the State Legislature has already authorized Long Term Care pilot projects which are currently operating with evaluations and reports due back to the Legislature in April 1983.

NOW, THEREFORE, BE IT RESOLVED that the Board of Supervisors of Yolo County respectfully opposes AB 2860 unless amended as follows:

1. That the bill be rewritten to guarantee counties the right of becoming the Long Term Care Agency for the area within their political boundaries, if counties so choose to do so; and

2. That the bill be rewritten to allow a county, if it so chooses, to be the convener of the local Long Term Care Task Force(s) within its political boundaries, and provide that the local Board of Supervisors be the appointing authority of the members of the Long Term Care Task Force(s); and

3. That the Board of Supervisors shall determine the local agency/agencies to provide services under this legislation; and

4. That the In-Home Supportive Services Program and the Adult Protective Services Program be administered in the counties by one agency providing these services for both the aged and the disabled; and

5. That funds for In-Home Supportive Services not be directed to other programs if such redirection will result in the "A through E reductions" in services to recipients inherent in SB 633; and

6. That funding in future years not be taken from Title XX Child Protective Services Programs to fund cost-of-living increases in the programs funded in this legislation; and

7. That copies of this Resolution be sent to Yolo County Representatives in the State Legislature and to the County Supervisors Association of California.
